SWISS ANGEL'S FOUNDATION

Swiss Angels Foundation is a Non-Governmental Organization based in the North-Dayi District of the Volta Region, Ghana.

It was founded by Mr Angelo Margiasso and Francis Daffor in 2017 and has started work in the same year.

The organization was formed after the two men toured parts of the Volta Region and Ghana, and experienced how some communities lack basic things.

Putting these experiences on a broader scale, the organization aims at helping the needy and less privileged in society.

It seeks to put smiles on the faces of those who through no fault of theirs find it difficult to have the basics of life.

Swiss Angels Foundation eagerly wants to help children, women and the less privileged cater for their health needs, hence its desire to make donations to health centers and other related facilities.

DYNAMIC UNITED STAR AFRICA FOUNDATION

Dynamic United Stars Africa Foundation (DUSAF) is a Ghanaian NGO that provides basic needs and infrastructure for orphans and the deprived in society.

The foundation seeks to eradicate poverty in Africa and beyond.

DUSAF has over the period supported autism and donated items to Royal Seed Orphanage, Good Shepherd Orphanage Home and School in collaboration with IAF.

It also embarked on a peace walk in 2016, supported "Kaya Yie", health screening in Loum community, built a healthcare facility, raised funds for a baby's surgery and the needy, fed communities during COVID and brought people closer to God by organizing DUSAF Praiz.
